SUMMARY

Full-stack Web Developer with experience building web and mobile applications using React, Next.js, Node.js, FastAPI, Flutter, and Laravel. Experienced in REST API development, database integration, and modern, responsive UI development. Experience working in teams, troubleshooting systems, and developing applications based on business needs. Passionate about modern front-end development and AI-based automation systems.

WORK EXPERIENCE

PT. GROO Soluva Indonesia | Programmer & IT Support

September 2025 - March 2026 | Matraman, Jakarta Timur

- Designed the system architecture for a home service barbershop application using ERD, system flowcharts, and UI/UX design to improve application development efficiency.
- Developed the front-end features of the mobile application using Flutter and the back-end system using Laravel to meet the needs of users, barber partners, and the admin dashboard.
- Implemented database integration, an authentication system, and API services to support real-time application performance.

PT. Leader IT Service Solutions subcontract PT PAMA Persada Nusantara | IT SUPPORT

September 2024 - September 2025 | Sangatta, Kalimantan Timur

- Installed and configured networks and computer devices on over 100 mining operational vehicles.
- Managed IP address configuration, network routing, and Robustel devices to ensure stable production monitoring system connectivity.
- Handled hardware, software, and network device troubleshooting based on company SLA standards to minimize operational downtime.

STIMMA IMMI | IT SUPPORT

Desember 2022 - Mei 2023 | Pasar Minggu, Jakarta selatan

- Install and configure computer equipment and campus laboratory networks.
- Manage network configuration using Winbox and IP address settings for computer laboratory needs.
- Assist with IT infrastructure maintenance to ensure stable and optimal learning.

PROJECT EXPERIENCE

GROO app | Fullstack web app Development

Flutter, Laravel, MySQL, Firebase, Google API, Figma, ERD

- Developed a mobile-based home service barbershop application using Flutter and Laravel.
- Developed an admin dashboard for transaction monitoring and user management.
- Integrated a REST API, authentication system, and real-time database.

Techcommerce Website | Fullstack web Development

Next.js, Node.js, Express, MySQL, Tailwind CSS, Axios, Midtrans

- Developed a full-stack e-commerce application with authentication, checkout, and Midtrans payment gateway features.
- Integrated front-end and back-end using REST APIs and a MySQL database.
- Implemented a responsive UI to enhance the user experience on both desktop and mobile.

PropNexus AI | AI Property Management Platform

Next.js, TypeScript, Tailwind CSS, Node.js, AI Integration with Gemini

- Developed an AI-based property management platform to help automate property data management and real-time operational monitoring.
- Built a modern and responsive dashboard to display property data, analytics, and management systems in a single, integrated platform.
- Implemented AI automation and a monitoring system to improve the efficiency of property management processes and business workflows.

SKILLS

HARDSKILL

- **Fullstack** : Next Js, React, FastAPI, Laravel, Express, Node Js, REST API Development
- **Mobile Development** : Flutter, Dart
- **Database** : MySQL, MongoDB, Postgre, Firebase
- **Tools & Tech** : Git & Github, Docker, Postman, Vercel, Figma, Google Cloud Platform, Cisco Packet Tracer, Mikrotik Winbox
- **System & Networking** : Troubleshooting Hardware dan Software, Network Config, Server Installation, IP Routing, Firewall Config
- **Concepts** : MVC architecture, AI agent Automation, Software Development Lifecycle (SDLC), UI UX Design, REST API,

SOFTSKILL

Problem Solving | Critical Thinking | Team Collaboration | Communication Skills | Time Management | Adaptability | Fast Learning | Analytical Thinking

CERTIFICATION

- BNSP Computer and Network Engineering
- ACA Developer by Alibaba Cloud
- Web developer by Dicoding
- React Developer by Skillvull
- Javascript Programmer by Dicoding
- Git by Alibaba Cloud

EDUCATION

2021 - 2024 | Citra Negara Vocational High School

Computer and Network Engineering | GPA: 83,5

2025 - now | Pamulang University

Sistem Informasi (kelas karyawan) | IPK: 3.63
